

The Lyndoch CEO has gone: let the healing begin

Carol Altmann – The Terrier

The Lyndoch Living CEO (2015-2023) has officially departed.

I'm thinking of all the Lyndoch Living staff, residents and families who endured so much these past years. I hope you can now start to heal. This chapter, at least, is now over.

The next step is the removal of the board which has overseen this most terrible period in Lyndoch's history.

If, as expected, South West Healthcare takes over Lyndoch Living, this is an inevitability.

We shall see.
